

## UK GTEM User Group

Calling Notice for forthcoming meeting to be held on  
Wednesday 6<sup>th</sup> July at 11.00am (refreshments at 10.30am)  
at the premises of Measurement Technology Ltd,  
Power Court, Luton LU1 3JJ

Agenda items include the following:-

- **Nomination and Election of the Chairman and Secretary**  
This is particularly important as our current chairman is facing redundancy from his current employment. This is an opportune moment for the group to consider its future direction and purposes.  
Possible options to consider :-
  - elect a new chairman
  - agree a caretaker chairman
  - subscriptions to support expenses of the group
  - wind up group ...
- Report on the Zurich meeting on the maintenance cycle of IEC61000-4-20 – documents attached – note the paper of Ishigami TEM-05-04
- EN61000-4-3 current status ref: use of alternative test methods clause. There will be a report on the current position.
- NPL new work program – a new member of staff, Tian Loh, has been recruited at NPL to work on GTEM projects. The GTEM User Group has an invitation from Martin Alexander to suggest any aspect of GTEM performance to be investigated (eg., cable influence) so that it can be considered for inclusion in the work program. Please bring ideas to the meeting.
- Further feedback on the ‘round robin’ using long cables exercise being conducted by members of SC77 CISPR JTF.
